PRESIDENT'S WELCOME BSGAR 2014

Dear Colleagues,

On behalf of the Organising Committee I am delighted to welcome you to the Randolph Hotel in Oxford for the 16th Annual meeting of the British Society of Gastrointestinal and Abdominal Radiology.

For the first time this year the meeting has, by popular demand, been extended to two full days and is preceded by a one-day hands-on small bowel MRI workshop.

As usual there is a varied multidisciplinary programme, covering a diverse range of topics including systemic IgG4 disease, abdominal diffusion weighted imaging, an interventional update, challenging abdominal pain and the management of complex Crohn's disease. We look forward to an interactive debate on the challenges of seven day working, and the enormously popular Friday morning interesting cases session.

It is my particular pleasure to welcome Prof Derrick Martin, our inaugural BSGAR President and honorary fellow of BSGAR, to deliver this year's Richard Farrow memorial lecture on the future of GI Radiology.

I would like to extend my grateful thanks to all those who have contributed to this meeting, including local organizer Andrew Slater, all the participating speakers and chairpersons, Liz Jones our BSGAR Administrator and, in particular, to Nikki Lee and the Creative Conferences Team. Thank you also to all our sponsors for their valued support, and particularly to our major sponsor Bayer for organising the Friday lunchtime symposium.

I look forward to greeting you at the Welcome reception on Wednesday evening, and the course dinner at Trinity college. Wishing you an educational and enjoyable 16th BSGAR Annual Meeting.

Andrea

Dr Andrea Phillips
BSGAR President
