# BSGAR PRESIDENT'S WELCOME

Dear Colleagues

On behalf of the Management Committee, it is my pleasure to welcome the British Society of Gastrointestinal and Abdominal Radiology back to Leeds for the third time. As the society continues to grow, there is the enviable challenge of finding suitable venues, having outgrown old favourites. On this occasion, we are located in the Art Deco elegance of the Queens Hotel, in the city centre. The dinner is being held across City Square at Aspire, on the site of the original Infirmary in Leeds, before its relocation to Great George Street in 1868.

I hope the programme contains something for everyone, with GI and abdominal topics approached from a variety of clinical, technical and analytical angles. The small bowel MRI workshop is being run for the second time and has again proved very popular, filling within days of the opening of registration.

The theme of the first afternoon relates to our wider responsibilities in our duty of care to patients. One of the topics within this session, and one that the profession is still adjusting to, is the Francis Report, and I am grateful to Mr Peter Walsh (Chief Executive of Action against Medical Accidents), who attended the enquiry in full, for giving his perspective.

The current president of the Royal College of Radiologists, Dr Giles Maskell, is not only a GI Radiologist, but also a former colleague of Richard Farrow, so it seems doubly fitting that he is delivering the annual Memorial Lecture.

The second day opens with the "Interesting Cases" session and, as usual, there will be prizes for the best presentations. However, the prize for the best case presented by a trainee will now be entitled the "Derrick Martin prize" in honour of the first President (then Chairman) of BSGAR (then SIGGAR), who has contributed much to our sub-speciality and inspired many to become GI radiologists.

I would like to thank all those who have generously contributed their time and energy to the organisation and delivery of this, the 17th BSGAR Annual Meeting, and for the support of our sponsors which helps keep the costs manageable.

DR ASHLEY GUTHRIE  
BSGAR President

# BECOME A BSGAR MEMBER

The following types of Membership to the British Society of GI and Abdominal Radiology (BSGAR) are available:

## **FULL MEMBERSHIP AND JUNIOR MEMBERSHIP**

Full membership is open, by application to the executive committee to all practising or retired radiologists in the UK who have a special interest in Gastrointestinal and Abdominal radiology. Junior membership is open to specialist registrars training in the UK, interested in GI radiology. All full and junior members have voting rights at the Annual General Meeting. The yearly membership fee is £50 to help cover administrative expenses. Members are eligible for reduced registration fees at the BSGAR Annual Meeting.

## **ASSOCIATE MEMBERSHIP**

Associate membership is open, by application to the executive committee to any radiographer with a significant role in GI and Abdominal Radiography who wishes to take an interest in the group's activities. Associate members do not have voting rights at the Annual General Meeting but have full access to all members' only sections of the BSGAR website. We wish to have active communications with all our professional colleagues, and encourage interaction in support of the Society's interests and the activities of its' full and junior members.

The yearly membership fee is £25 to help cover administrative expenses.

## **HONORARY MEMBERSHIP**

Honorary membership may be awarded to BSGAR full members who are considered to have made a significant contribution to GI and Abdominal Radiology through their clinical practice, teaching and research. Individual members can submit suggestions for honorary membership to the management committee. The management committee will consider such requests and submit the names of suitable candidates for ratification, by a simple majority, to the Annual General Meeting.

Applications can be made online at [www.bsgar.org](http://www.bsgar.org)

Alternatively you can speak to Liz Jones or Dr Delia Peppercorn at this meeting.
