

25TH ANNUAL BSGAR MEETING

'At the Cutting Edge'
2nd & 3rd February 2023
Hosted by Cambridge

The BSGAR committee take great pleasure in inviting you to join them at the 25th annual meeting, on 2nd & 3rd February 2023. Our theme is 'At the Cutting Edge' and our Meeting President Ed Godfrey, and the team at Cambridge, will be our virtual hosts for an exciting programme showcasing a high calibre BSGAR faculty from the four corners of the UK and the Netherlands.

Our programme commences with a review of latest advances in imaging and management of rectal cancer swiftly followed by 'CT Top Guns' to get expert insights into dealing with the hardest cases. We will focus on focal liver lesions in cirrhosis and provide a GI modality showcase to highlight latest developments across a broad range of techniques to bring into your clinical practice. The established popular interactive MDT format continues on our last day with a liver metastasis MDT and we will also use interactive features in other sessions to bring you closer to the action and contribute to the discussion and content using our bespoke virtual platform.

You will have plenty of content choice with a variety of parallel sessions, sponsor exhibits and symposia, 'Case of the Day', the best of BSGAR, e-posters and abstracts. Plus any content you miss is available on catch up! Our ever popular interesting case and scientific presentations and research and audit sessions guarantee to educate and entertain while our Junior BSGAR members can deepen their knowledge in dedicated sessions.

Finally we are honoured to host Prof Regina Beets-Tan, an internationally renowned researcher in GI imaging and Chair of Radiology at the Netherlands Cancer Institute in Amsterdam. She is current president of the European Society of Radiology and she will be describing the exciting future in store for GI radiology in the Richard Farrow Memorial Lecture.

We look forward to welcoming new delegates and returning friends to our BSGAR community. Don't forget to join in our social programme! This is a conference you cannot afford to miss!

Dr Damian Tolan
BSGAR President

25TH ANNUAL BSGAR MEETING

2nd & 3rd FEBRUARY 2023

BSGAR 2023 – “At the Cutting Edge”

THURSDAY 2ND FEBRUARY 2023

08:50-09:00 **Welcome & Introduction**
Damian Tolan, Leeds and Ed Godfrey, Cambridge

SESSION 1

09:00-10:40 **Rectal Cancer – getting the best results**
Chairs: Katja De Paepe, Cambridge & Ravivarma Balasubramaniam, Stoke

09:00-09:20 **Staging pitfalls in rectal cancer**
Doenja Lambregts, Amsterdam

09:20-09:35 **Optimal oncology in rectal cancer**
Richard Adams, Cardiff

09:35-09:50 **How to report the post treatment MR scan**
Ingrid Britton, Stoke

09:50-10:05 **R0 resection beyond the mesorectum**
Aaron Quyn, Leeds

10:05-10:30 **Radiology directed surgery in advanced disease – cases from my workstation**
Damian Tolan, Leeds & Emma Helbren, Hull

10:30-10:40 **Discussion**
All speakers

10:40-11:00 **Break**

SESSION 2

11:00-12:40 **CT Top Guns – how to handle tough cases**
Chairs: Jamie Franklin, Bournemouth & Maira Hameed, London

11:00-11:15 **It all looks wrong – where to start**
Charlie Lane, Southampton

11:15-11:30 **Navigating surgical storms**
Hameed Rafiee, Norfolk

11:30-11:45 **It's my bleeding problem....**
Vincent Leung, Coventry

11:45-12:00 **The good, the bad and the ugly bowel**
Amy Nixon, Belfast

12:00-12:15 **Intervention – when only CT will do**
Stuart Kerr, Wakefield

12:15-12:45 **Interactive case-based discussion**
All speakers

12:45-14:00 **Lunch**

PARRALLEL EVENTS (13:00-13:45)

Job networking session

Chairs: Kieran Foley, Cardiff & Katie Devlin, London

Endoscopy Reflective practice group

Chairs: Sharan Wadhvani, Birmingham & Katy Hickman, Cambridge

Sponsored Symposium

SESSION 3

14:00-15:30 **Assessing focal liver lesions in cirrhosis**
Chairs: Samantha Saikia, Newcastle & Chris Clarke, Nottingham

14:00-14:15 **Introduction to LIRADS with cases**
Mark Goldstein, Birmingham

14:15-14:30 **Ancillary LIRADS features with cases**
Raneem Albazaz, Leeds

14:30-14:45 **Recognising non-HCC lesions in cirrhosis**
Brin Mahon, Birmingham

14:45-15:00 **Tricky liver biopsies in cirrhosis**
Sharan Wadhvani, Birmingham

15:00-15:15 **LIRADS after treatment**
Naami Mcaddy, London

15:15-15:30 **Discussion**
All speakers

15:30-16:00 **Break**

RICHARD FARROW MEMORIAL LECTURE

Chair: Damian Tolan, Leeds

16:00-16:45 **What is beyond the curve of the horizon for GI radiology?**
Regina Beets-Tan, Amsterdam

16:45-17:00 **Break**

17:00-18:30 **AGM**

18:30-19:30 **Break**

19:30-21:30 **Social**
Virtual Cheese & Wine plus Quiz

FRIDAY 3RD FEBRUARY 2023

07:00-07:30 **Virtually connected 5K**

BREAKFAST PARRALLEL EVENTS (08:00-08:45)

Junior BSGAR Session

“Learning from errors? REALM...When do you call for support?”

Nehal Shah, Basingstoke, Katie Devlin, London & Maira Hameed London

Sponsored Symposium

Decision making around pancreatic fluid collections

Chair: Katy Hickman, Cambridge

Speaker: Ed Godfrey, Cambridge

08:45-09:00 **Break**

09:00-10:15 **Interesting case and scientific presentations**
Chairs: Sharan Wadhvani, Birmingham & Katie Devlin, London

Derrick Martin & Clive Bartram prizes

*Best educational exhibit
Maria Sheridan prize*

10:15-10:25 **Break**

RESEARCH & AUDIT SESSION

Chairs: Kieran Foley, Cardiff & Ravivarma Balasubramaniam, Stoke

10:25-10:30 **Introduction**
Kieran Foley, Cardiff & Ravivarma Balasubramaniam, Stoke

10:30-10:40 **BSGAR Rectal cancer MRI audit**
Ravivarma Balasubramaniam, Stoke

10:40-10:50 **Developing an audit without existing reference standards**
Gauraang Bhatnagar, London

10:50-11:00 **BSGAR Research update**
Kieran Foley, Cardiff

11:00-11:15 **Results from the PROSPeCT trial**
Vicky Goh, London

11:15-11:25 **Q&A**
Kieran Foley, Cardiff & Ravivarma Balasubramaniam, Stoke

11:25-11:40 **Break**

SESSION 4

11:40-13:00 **GI modality showcase**
Chairs: Anu Obaro, London & Li Wong Edinburgh

11:40-11:50 **Cutting edge GI CT – Artificial Intelligence to assist a GI radiologist**
Fahmid Chowdhury, Leeds

11:50-12:00 **Cutting edge GI MRI**
David Bowden, Cambridge

12:00-12:10 **Cutting edge GI US – Colonic US**
Anmol Gangi, Cambridge

12:10-12:20 **Cutting edge 'new-clear' medicine**
Manil Subesinghe, London

12:20-12:30 **Cutting edge - Fluoro: the Chicago classification of oesophageal motility disorders**
Andrew Plumb, London

12:30-12:40 **Cutting edge - biliary intervention**
Speaker tbc

12:40-13:00 **Discussion**
All speakers

13:00-14:30 **Lunch**

PARRALLEL EVENTS (13:15-14:00)

Membership and Diversity

Chairs: Cindy Chew, Glasgow & Nehal Shah, Basingstoke

Exent group

Chair: Emma Helbren, Hull

Training & education

Chair: Sharan Wadhvani, Birmingham

HPB liver transplant imaging

Chair: Raneem Albazaz, Leeds

Management & money in radiology

Chairs: Sarah O'Shea, Manchester & Rishi Sethi, Manchester

SESSION 5

14:30-16:30 **Cutting edge: where less is more – interactive liver metastases MDT**
Chairs: Samir Khwaja, Cambridge & Emmanuel Huguet, Cambridge

14:30-14:40 **What the surgeon needs to know**
Emmanuel Huguet, Cambridge & Samir Khwaja

14:40-14:50 **Decision making around liver/lung ablation including the use of navigation**
Nadeem Shalda, Cambridge

14:50-15:00 **PV and HV embolization**
Salil Karkhanis, Birmingham

15:00-15:30 **Case-based discussion**
All speakers

15:30-15:40 **Break**

15:40-15:50 **Lung resection & ablation**
Richard Milton, Leeds

15:50-16:00 **Peritoneal metastases**
Speaker tbc

16:00-16:30 **Case-based discussion**
All speakers

16:30-16:35 **Conference Close**

CPD POINTS

13 CPD points will be awarded for attending the two day meeting and completing our feedback form.
