BSGAR 2024 'Aspire to Excellence'

**Glasgow - Radisson Blu Hotel
1 - 2 February 2024**

We are thrilled to welcome you to Glasgow for BSGAR 2024 to bring us back together in person to focus on our theme, "Aspire to Excellence". You are guaranteed a comprehensive programme, delivered by a diverse world class faculty, in Scotland's most vibrant and expansive city.

Our programme offers something for everyone with an update on pancreatic cancer, a selection of small group workshops on a range of important GI topics, a challenging case interactive session (covering not one but 4 MDTs!) and our usual outstanding interesting cases, audit and research sessions and a GI radiology REALM using a one case 3 lessons approach. We also have a session on surveillance of GI diseases including a debate about its place and how to do it if you do. We are pleased to introduce additional dedicated content and facilities for our Junior BSGAR members and trainees who are especially welcome!

This year we are delighted to announce Prof Marc Zins as our Richard Farrow Memorial lecturer, President of ESGAR and Chair of Radiology at Saint Joseph Hospital, Rene Descartes University in Paris. He is an outstanding speaker who will give us his insights on imaging acute small bowel abnormalities, an area which challenges us all!

Why not spend an extra day with us before the main meeting at one of our workshops? Hula Laasch and Derek Edwards will lead a hands-on workshop covering GI interventional Radiology with an experienced faculty and simulation resources to hone your skills and deepen your knowledge, while James Stephenson will lead his team for a workstation based Acute Abdomen workshop to challenge your interpretation of CT cases for your day to day work.

Our refurbished carbon neutral conference hotel, [The Radisson Blu](#), offers exceptional facilities, only a stone's throw from Central Station. The course dinner at the astonishing [Kelvingrove Art Gallery](#) will be a highlight in the city called the "Dear Green Place" in Gaelic.

Please come to reconnect with colleagues, make new friends and sample the best that BSGAR and Glasgow has to offer! If you have never been before we want to see you! It is a special opportunity.

Dr Ian Zealley, Meeting President

Dr Damian Tolan, BSGAR President
