

23RD ANNUAL BSGAR MEETING

4TH - 5TH FEBRUARY 2021

The BSGAR committee take great pleasure in inviting you to join them at the 23rd annual meeting, which will be held on our bespoke virtual platform on Thursday 4th and Friday 5th February 2021.

The committee has worked hard to provide an entertaining and educational programme, with excellent speakers, that you can enjoy from the comfort and safety of your home or office. We still aim to capture the buzz of a BSGAR meeting and include sessions on HCC, my biggest mistakes and those difficult conditions we prefer not to have on our reporting lists. Delegates can comment throughout using the chat function and questions will be addressed by speakers in live discussion sessions. We will integrate audience polling and you will be able to virtually explore the meeting with sponsor exhibits, cases of the day, the best of BSGAR, e-posters and abstracts. We retain the much-loved Interesting Cases session and long-time BSGAR friend and past president Prof Clive Kay, chief executive of Kings College Hospital NHS foundation trust will deliver the Richard Farrow Memorial Lecture on "Covid-19. What happened and what did we learn?".

We have a busy social program, so lace up your trainers for the BSGAR networked 5k jog and get ready for our interactive delegate quiz on Thursday evening.

Professor Stuart Taylor
BSGAR President
