# Post treatments appearances- chest and abdomen

Friday 23 March 2018

The Royal College of Radiologists, London

This study day provides a comprehensive update of post-treatment appearances in the chest and abdomen, including what is normally expected and what early/late complications to look out for. The day will cover post-surgical appearances as well as more targeted treatments such as ablation, radiotherapy and intra-arterial therapies which continue to evolve. Chemotherapy-related complications of traditional and more novel agents will also be discussed.

## Meeting organisers

Dr Raneem Albazaz, Dr Sarah Swift and Dr Judith Babar

## Registration fees:

Members	£204
Non-member	£252
Trainee member	£140
Trainee non-member	£184
Retired member	£140
Allied Healthcare Professionals and nurses	£140
Lay members, medical students and patients	£140
Industry	£275

Bookings are accepted on a first come, first served basis.

Confirmation of a place will be sent by email within 21 days of payment being received. If you do not receive confirmation please contact [conf@rcr.ac.uk](mailto:conf@rcr.ac.uk).

We strongly advise delegates not to book travel or accommodation until a confirmation is received.

**Cancellation policy:** Notice of cancellation must be given by email to [conf@rcr.ac.uk](mailto:conf@rcr.ac.uk) within the following dates:

- 31+ working days before a meeting: Will be entitled to transfer their fee to another meeting within 12 months or a refund minus a £15 administration fee
- 11 – 30 working days before a meeting: Will be entitled to transfer their fee to another meeting within 12 months or a refund minus a £25 administration fee

If less than 10 working days before a meeting, no transfer or refund permitted

**Data Protection Act:** Your name and hospital will be included on the list of participants, which will be issued to delegates, speakers, sponsoring companies and other interested parties.

See [www.rcr.ac.uk](http://www.rcr.ac.uk) for full terms and conditions.
